Wi-Fi Function Guidelines

1, Software download

Download "SmartLife-SmartHome" and install it。

2, Enter customer brand

To open the APP for the first time, you need to scan the customer QR code or enter the customer activation code。
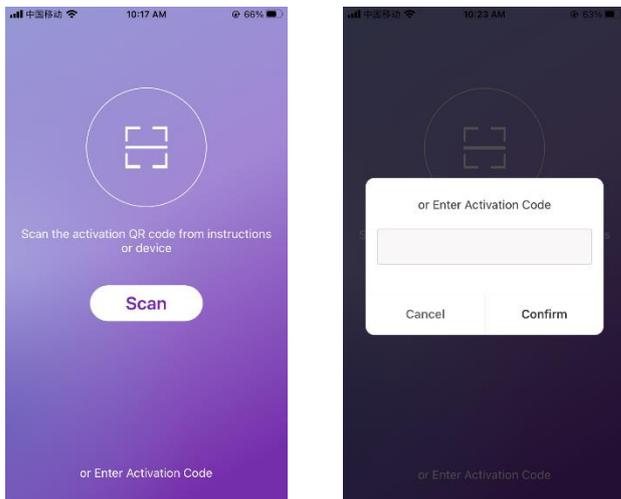

The customer activation code is：TCL

The customer QR code is as follows：

3, Product distribution network

3.1 Reset device

Method 1: When there is a separate digital display key on the remote control, press the digital display key 6 times in 8 seconds; when the buzzer beeps twice and the air conditioner display shows "CF", the reset is successful.

Method 2: When there is no separate digital display key on the remote control, press the energy-saving key 6 times continuously in 8 seconds; when the buzzer beeps twice and the air conditioner display shows "CF", the reset is successful.

3.2 Add products to the app

Click the "+" in the upper right corner of the APP, select the corresponding product on the "Manually Add" page, and complete the network configuration work according to the prompt information in the APP.
